# Art Parties and Science Celebrations at the Junior Center!

**Art Parties and Science Celebrations are available to families with children ages five and above, or a group of adults (call for details).**

## Guests will participate in:

- a hands-on project
- party games and demonstrations
- cake and gift time

## The Junior Center will provide:

- a project instructor
- all project materials
- party decorations
- the party room

## Day & Times

### SATURDAYS

- 11:00am - 12:30pm (90 minute parties)
- 1:00 - 2:30pm (90 minute parties)
- 12:30 - 2:30pm (2 hour parties)

## Schedule Options

### 90 MINUTE PARTIES:

- 1 hour w/staff for presentation & project
- 30 minutes for cake & presents
- \$280 fee (up to 14 children)

### 2 HOUR PARTIES:

- 90 minutes w/staff for presentation & project
- 30 minutes for cake & presentation
- \$319 fee (up to 14 children)
- \$398 fee (up to 18 children)

## Directions & Parking

Please visit the JCAS website for a map and directions at [www.juniorcenter.org](http://www.juniorcenter.org). Please note: The City of Oakland charges a fee for parking in Lakeside Park everyday from 7:30am to dusk. Free street parking is available on Perkins Street, just off of Grand Avenue.

## Younger Siblings and Friends may:

- join the party at cake/present time
- participate with the assistance of an assigned parent/adult and be counted as one of the guests
- play in the park on nearby play structure

## Themes

### ANIMAL ADVENTURES CELEBRATION

Guests will meet and learn about the habitats, special features and adaptive behaviors of two or more Junior Center animals. This presentation will be followed by an art project with an animal theme.

### FAIRY PRINCESS PARTY

Party guests will create their own crowns, wands and hand-made jewelry in this fun, fanciful party.

The birthday princess will create her own, special crown as she celebrates with guests. Special stories and games will complete the party.

### PAINTING PARTY

Guests will create a painting in the style of a famous artist. Over 15 different artist themes are available including Frida Kahlo, Georgia O'Keeffe, Wayne Thiebaud, and Vincent Van Gogh. Fun facts about the featured artist and painting techniques will be shared with the group.

### RECYCLED ROBOTS CELEBRATION

Guests will learn about a variety of robots and build their own robot using recycled objects and low melt glue guns. Go Green Machines!

### ROCKET SCIENCE CELEBRATION

Guests will make and launch their own rockets. Fun experiments will also be a part of this amazing science celebration.

### UNDER THE SEA

Guests will learn about the different creatures that live under the sea. They will design their own 3-D creature.

### \*CUSTOM PARTY\*

Call JCAS staff about a "made-to-order" party! We can design a party around your favorite subject!
