&
WORKSHOPS

ABOUT US.

The Junior Center of Art and Science encourages children's natural wonder and innovation through **creative exploration** in the arts and sciences. We do so through hands-on activities, inquiry led discussion, and collaborative play. At the Junior Center, students will find a warm, inclusive space that provides skill building experimentation, problem-solving, and innovation.

5 – 7 years old

Creative Arts Workshop
Students are encouraged to explore the creative process through a variety of media from drawing, painting, sculpture to printmaking and mixed media. Activities focus on developing and expanding students' creative thinking both individually and collaboratively.
9/21 - 11/16: **9 sessions, Thursdays, 4:00PM - 5:15PM**
9/22 - 11/17: **9 sessions, Fridays, 4:00PM - 5:15PM**
9/30 - 11/18: **7 sessions, Saturdays, 10:00AM - 11:15AM**
             (no class 10/21)

8 – 10 years old

Creative Explorers Workshop
Students will focus on developing and expanding their artistic skills. Activities are student-centered, encourage experimentation, and foster reflection, dialogue, and creative exploration through a myriad of materials and concepts.
9/21 - 11/16: **9 sessions, Thursdays, 4:00PM - 6:00PM**
9/22 - 11/17: **9 sessions, Fridays, 4:00PM - 6:00PM**
9/30 - 11/18: **7 sessions, Saturdays, 10:00AM - 12:00PM**
             (no class 10/21)

Steam Lab
In this fun hand- on, art-integrated program students will explore basic STEM concepts like electricity, engineering, physics, chemistry and more and apply those tools to creative projects. This program encourages inquiry, collaboration, and curiosity and is student driven.
9/21 - 11/16: **9 sessions, Thursdays, 4:00PM - 6:00PM**

SIGN UP TODAY.

We strive for our programs to be affordable to all families. Our classes and workshops are provided on a sliding scale fee for families and caregivers. Families choose the amount they are able to pay and we do not require proof of income. We know that families will be as generous as they can. To register, visit us at www.juniorcenter.org or call us at (510) 839-5777

8 – 10 years old cont'd.

Science Saturday
Students will engage in hands on experiments in environmental, biological, and animal sciences. They will create science journals and art projects where they will record data, investigate the local environment, explore ecosystems, and make connections to conservation and the natural world.
 9/30 - 11/18: **7 sessions, Saturdays 10:00 AM - 12:00PM**
             (no class 10/21)

6 – 17 years old

Carpentry for Kids
Students will learn to use a complement of hand tools during a course that emphasizes safe tool use, practical problem solving and creative development. Projects in-crease in difficulty as experience grows. Woodworking students will begin with projects such as a small toy boat and work up to full-sized furniture and professional skateboards. All first-time carpentry students MUST attend the first day of class to safely participate in the course. No exceptions. Advanced projects may require an additional materials fee.
 9/22 - 11/17: **9 sessions, Fridays, 4:00PM - 6:00PM**

Family Classes

Exploring Together: For caretakers and 3-5 year olds .
Engage together in creative play, exploration, and creation! Families will get hands-on in both art-making and experimentation. Join us for a fun, safe learning environment and make new friends!
9/22 - 11/17: **9 sessions, Fridays, 10:00AM - 11:15AM**
9/30 - 11/18: **7 sessions, Saturdays 10:00 AM - 11:15AM**
             (no class 10/21)
